Studying at LMU Munich

Course Information

Students may consult the online course catalogue at: www.lsf.lmu.de. The up-to-date course catalogue is available two months before the beginning of each semester. To get an idea of courses offered, students can consult the catalogue of previous years and faculty websites where there is often general information about choosing courses etc.

LMUexchange students must choose **at least 60%** of their course modules in a single subject area. Students should take **the other 40%** of their course modules in **no more than two further subject areas** (example: 60% of courses in German Philology, 20% of courses in History and 20% of courses in Political Science).

If they have no previous knowledge and study experience in a subject area, LMUexchange students will solely be permitted to take introductory courses in this field. As a rule, bachelor students will not be permitted to take master courses (any exceptions to this rule will be discussed and decided by LMU).

Grading System (www.lmu.de/international/incoming/grading)

At LMU credit for Bachelor and Master Courses is given in accordance with the European Credit Transfer System (ECTS). All coursework will be graded in accordance with the German grading system ("1"–"6", with "1" being the best and "6" the worst grade). A course that is graded between 1 and 4 is passed. Some course are not graded (non-graded lectures).

Language Requirements

German Language Proficiency at LMU

We require that students taking courses taught in German have at least CEFR level B2 when commencing their studies at LMU. The same applies for students taking courses in English. Some departments (e.g. English/North American Studies) have higher requirements: www.lmu.de/international/incoming/language

Language Courses

Intensive Language Courses

Students can prepare for their study experience at LMU by participating in an intensive language course. Courses take place in March and September respectively. They are not free of charge but, on successful completion of the course, ECTS-points will be awarded.

Cultural Program

An extensive cultural program with field trips and excursions also takes place in September and March.

General Information

Visa

Depending on the students' country of origin, there are different entry and residence regulations. If a visa is required to enter Germany, exchange students are strongly recommended to submit their online application form and supporting documents **before** the application deadlines for admission to the university.

Detailed information can be found at: www.lmu.de/international/incoming/visa

Insurance

Adequate health insurance is mandatory for all exchange students. We strongly recommend that students arrive with adequate insurance to cover them until they are officially registered as students at LMU. They should then take out German health insurance cover for the duration of their stay at LMU. Insurance packages for study abroad, provided by insurers in the home country, may not fulfill the German requirements and will therefore not be accepted. Please note that travel insurance for the duration of their stay **is not enough** and will not be accepted at registration. Accident, personal and third party liability insurance for the duration of stay in Germany is strongly recommended. Detailed information can be found at:
